

**IMAGINE  
(Soldier's Letter)**

**Imagine your lips  
Are the cups I drink  
From at the bar**

**Imagine your fingertips  
Are the strings  
Of my guitar**

**Imagine your chest  
Is the wheel  
That steers my car**

**Picture your shirt's a nest  
I built and feel  
My hand from afar**

**Imagine your blouse peaks  
Are the chestnuts  
In my pocket**

**Though the ice creaks  
Get the guts  
And skate it**

**Imagine I'm the waves  
Stroking your toes  
When barefoot walk the shore**

**Imagine I'm the caves  
That hid our vows  
So long ago, no more**

**Imagine your tears  
Are the milk I spilt  
And dried**

**Imagine your fears  
Are the men I've killed  
Before they cried**
